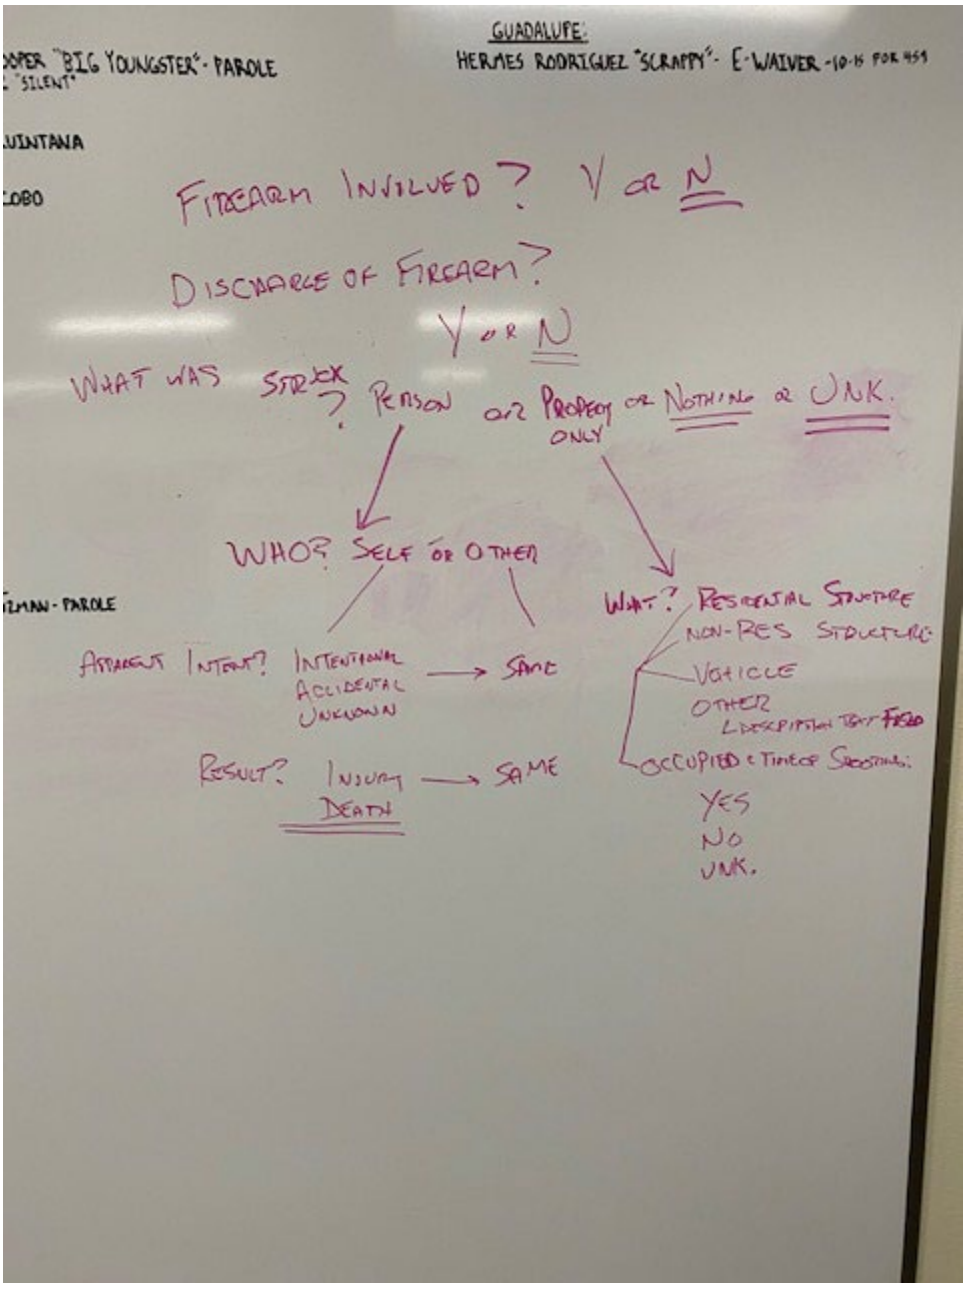
Andres –

Job well done! The only thing I'd like to change is the wording of "Hot hit alert" to "Hot List Hit".

On a separate, but related topic, we came up with a way to do the same thing to track shootings. If you could provision that in much the same way, that would be awesome. He is a photo of the tree, if we call it that, we came up with. I'm confident, you will need to call to have me clarify some of this. Call anytime.

Lorie, our hope is this will help you retrieve information regarding the shootings.



Thank you,

Dan

Subject: LPR Report question format

Good Morning,

Per our conversation yesterday, I have attached a quick video tour of how the LPR questions will appear and function on the Case Report and Officer Report. Please have a look and let me know if any changes need to be made.
